Dear Sadiq,

TRANSPORT FOR LONDON SETTLEMENT LETTER

1. This letter amends the fourth extraordinary funding and financing agreement (the D4 Agreement) for Transport for London (TfL), set out in my letter to you of 25th February 2022, to ensure TfL continues to provide transport services in London.
2. The D4 Agreement covered the Funding Period of 26th February to 13th July 2022, following the extension that we agreed on 24th June. We are varying the terms of the D4 Agreement as follows:
 - a. A short extension to the Funding Period by a further 15 days, so that the “Revised Funding Period” is now defined as 26th February 2022 to 28th July 2022.
3. This extension to the D4 Agreement is necessary due to the unsatisfactory progress made by TfL on the conditions under the D4 Agreement. Resolving these issues is an integral part of setting TfL on the path to financial sustainability, and Government stands ready to engage constructively to reach a resolution.
4. We do not expect to be making any additional grant payment during this short extension period.
5. For the duration of the extension, the provisions of the D4 Agreement will remain in place:
 - a. There will continue to be a periodic Top Up mechanism pursuant to the terms of the D4 Agreement based on actual passenger revenue cash receipts compared to the D4 Passenger Revenue Scenario as set out in the Annex to this letter.
 - b. The final reporting period True Up Process shall commence at the end of the Revised Funding Period. The True Up Process shall determine whether any final payment by DfT of a True Up Grant or by TfL of a True Up Repayment for the Revised Funding Period is required.

6. We recognise that Transport for London needs to take reasonable steps to meet its statutory obligations and to maintain and operate the transport systems for which it is responsible. In doing so TfL will need to consider arrangements beyond the duration of the Revised Funding Period, including making financial commitments that fall outside this period. These commitments will be recognised in any future funding agreements to be put in place.
7. The Government remains committed to supporting London and the transport network on which it depends via its funding settlements. These settlements recognise the reliance of London's transport network on fare revenue, and Government's commitment now and in the future to mitigating loss of fare revenue as a result of the pandemic. I look forward to continued discussions.
