Change Delivery Lead	The Delivery Lead role is part of the leadership team for a major LU transformation programme. Its specific remit is to	£75,000 - £79,999	N/A	N/A	NIL	14
	translate the target operating model design for a specific programme into a workable plan for implementation, and to put in					
	place the structures/resources required to deliver this plan effectively. In essence the role will drive programme delivery and the execution of change beyond the design phase of the programme, acting in collaboration with and on behalf of the head					
	of Change Design & Delivery. The role will cover: strategy delivery, how best to execute change and project implementation.					
	Programme delivery will typically last 1-3 years. They must also look to make cost savings wherever possible and ensure					
	that cost saving is a continual theme in LU. They must collaborate across the business to ensure that the plans are					
	deliverable and understood widely. As part of the senior management team, this role is also jointly responsible for monitoring					
Change Manager	and improving diver Providing senior leadership and support in delivering the highest levels of safety and organisational effectiveness To develop	£75 000 - £70 000	N/A	N/A	NIL	1
Orlange Wanager	a Change Management strategy with key stakeholders and to oversee implementation. Observe and engage in all fleet	210,000 210,000	14/7	1477	1412	
	production and operational activities with particular reference to Safety . Develop and determine scope for transformation					
	needed and ensure buy-in with sponsors and stakeholders Liaise/consult with LU and other stakeholders to agree on					
	Industry standard benchmarks. Initiate structure and review organisational activities to ensure continual safe improvement in fleet performance.					
Chief of Staff	Part of the Senior Crossrail 2 team. This will manifest itself in the operation of the organisation as a cohesive and integrated	£75 000 - £79 999	N/A	N/A	NIL	10
	business, the effective planning and delivery of work that flows through Crossrail 2, and smooth running of the MD's		1,7,7	1	=	
	office.Post holder will pro-actively manage the busines and matters outside of their direct remit, ensuring the business needs					
Cl I PD D-III I I	and a fair outcome for London and its people are balnaced against budgets and politics.	675 000 670 000	N/A	N/A	NIL	0
CI and BD Delivery Lead	The Continuous Improvement (CI) and Business Development Team is a critical part of the Business Services function (BSF), responsible for developing the strategy for the Business Services function and driving and delivering the ongoing	£75,000 - £79,999	N/A	N/A	NIL	2
	growth, change and improvements plan in line with this. The CI and Business Development Delivery Lead will lead this team				1	
	ensuring that an ambitious strategy is established and a structured approach is put in place that delivers on the overall BSF		1			1
	strategy and transformation agenda, helping achieve the targeted year-on-year savings and growth targets within BSF		1			1
	through the proactive management of the Business Development, CI and Portfolio sub-teams to successfully deliver agreed projects. The role drives and builds strategic partnerships in support of the growth agenda across BSF, TfL and external		1			1
	organisations such as Greater London Authority (GLA) etc. The role ensures the integrity of the End to End process design				1	
	is adhered to through change being appropriately prioritised and signed off in the respective governance forums in line with				1	
	agreed design processes/ policies. In addition to the above, the CI and Business Development Delivery Lead will work		1			1
	closely with the Head of the BSF supporting with the development of the BSF Leadership			1	1	

Civils Manager	This role is responsible for the maintenance of Civils asset base. In delivering this role, the Civils Manager is also	£75.000 - £79.999	N/A	N/A	INIL	17
Olvilo Managor	responsible for: The Plan (1-3 years) and supports Asset Strategy in developing the 10 year plan, performance of the in	210,000 210,000	14//	14//	1412	ľ
	service asset (and reliability growth plans), delivering savings year on year and quality of asset data. As part of the senior					
	management team, this role is also jointly responsible for monitoring and improving diversity and inclusion across the whole					
	department, not just within its own function. Similarly, it is jointly responsible with all the roles at a similar level for driving a					
	safety culture across the whole of London Underground and TfL.					
Command Control and Communications Lead	This role leads teams delivering Command, Control and Communications in Surface Transport to deliver incident	£75.000 - £79.999	N/A	N/A	NIL	10
Sommand Control and Communications Lead	management and communication functions responsible for real time operational decision making and customer information	213,000 - 213,333	IN/A	IN//A	INIL	10
	directly impacting or pertaining to all journeys on London's road and bus network every day. This role is also accountable for					
	Surface Transport operational representation to the London Resilience Group/Gold level during times of disruption, fulfilling					
	TfL's statutory obligation and partnering with national and regional organisations to the benefit of TfL and our customers.					
0	The post holder will be expected to undergo and pass a Non-Police Personnel Initial Vetting Clearance.	£75,000 - £79,999	£1 - £4,999	NI/A	NIII	0

Fleet Services and Delivery Manager	The purpose of this role is to be a direct accountable lead for the management of rolling stock simple enhancements and	£80,000 - £84,999	N/A	N/A	NIL	7
	renewals through the relevant resource plans. This role is also responsible for the management and leadership of the depot infrastructure delivery services and associated service delivery units to rolling stock operations across the London					
	Underground Network.					
Head of Advocacy and Engagement	To identify, create, develop and manage TfL's engagement strategy for collaborative relationships with national and regional	£80 000 - £84 000	N/A	N/A	NIL	6
lead of Advocacy and Engagement	organisations that represent key elements of the public and private sector, including those who directly influence TfL's public	200,000 - 204,333	IN/A	IN/A	I'VIL	0
	policy, funding and operational environment. This includes contacts within businesses, statutory watchdogs, transport					
	campaigning organisations, road user lobbies (including the freight and coach community). Government and groups that					
	represent the accessibility, environmental, voluntary and community sectors. This external engagement will contribute to					
	achieving the Mayor's priorities and TfL's business objectives, including securing third-party endorsement for policy priorities					
	and funding of strategic infrastructure, and will protect our reputation externally.					
Head of Business Operations	Reporting directly to the Managing Director of CCT and member of the CCT Leadership Team, this high profile and broad	£80,000 - £84,999	N/A	N/A	NIL	7
	ranging role works alongside the CCT Leadership Team colleagues to drive swift, efficient delivery of the Business Plan is					
	responsible for the effective and efficient operation of the entire CCT directorate as a Professional Service. This role is					
	accountable for four core functions within CCT: administration support for both MD and all senior leaders; Management of					
	projects and programmes across each area of CCT to drive continuous improvement; CCT Secretariat, responsible for all					
	corporate governance across CCT; and leadership of the CCT Managing Director's Private Office team.	l				

Head of Commercial Innovation	With constant advances in emerging cutting edge technology and framed by TfL's strategic goals, budget spend and the	£80,000 - £84,999	N/A	N/A	NIL	5
	Mayor's Transport Strategy, this pan-TfL role exists to lead and drive a programme to understand and solve the most					
	important strategic issues by working with market innovators from across globe to create significant new value to deliver					
	better, cheaper and quicker outcomes for TfL. The post-holder will do this by translating under defined strategic issues and					
	ideas into actionable strategies and high level plans for the business to take forward informed through engagement with the					
	transport innovators from across the world. Critical success for the role is the ability to seek out and practically apply the best					
	innovations in the transport sector - seeing ensuring that recommendations are taken into business as usual, but balanced					
	with challenging the business to think differently. A key element of the role, through the Innovation Hub, is to bring different					
	Tfl. functions together and transform Tfl.'s culture, ways of working and approach to create organisational-wide value					
	through demonstrating how emerging technologies can be applied and scaled at TfL and create new value.					
Head of Corporate Communications	The principal lead for coordinating the development and delivery of strategic communication within the News and External	£80.000 - £84.999	N/A	N/A	NIL	6
riead of Corporate Communications	Relations directorate. The job holder identifies, designs, develops and implements communication strategies for key TfL and	200,000 - 204,333	IN/A	IN/A	IVIL	ľ
	Mayoral priorities, ensuring all stakeholder teams are delivering against core business objectives and corporate functions,					
	driving focus and momentum for communications delivery. Creating essential working relationships internally to help shape					
	the strategic direction and operational decisions to ensure CCT has a good understanding of delivery challenges, deploying					
	senior officials as required to progress TfL's and the Mayor's goals and safeguard their reputation. The job holder will ensure					
	a good working relationship is maintained with City Hall so communication priorities are aligned. All specialist					
	communications and scrutiny within the News and External Relations department will be managed by the post holder, this					
	includes the management of the monthly Mayor's Question process, stakeholder casework and all Mayoral correspondence,					
	FOI review and speeches and briefings for senior staff.					
Head of Government & EU Relations	The job holder will be accountable for owning, overseeing and leading the creation and development of TfL's productive	£80.000 - £84.999	N/A	N/A	NIL	7
	partnerships and relationships with the Government, Parliament, other UK cities and think tanks as assigned to achieve and	1	1			
	realise Tft.'s public affairs strategy. This will include the successful influencing, shaping and realisation of policy, legislation	1	1			
	and funding decisions as appropriate. It will lead on TfL's engagement with legislative process and prepare responses and	ĺ	1			
	evidence as required for political stakeholders. It will involve high-level interactions with politicians and officials to build trust	1	1			
	and confidence, establish strong partnerships and activate third-party advocacy. The job holder will ensure early political	1	1			
	intelligence and information is shared across the business and translated into meaningful engagement plans.					_
Head of London River Services (LRS)	The Head of EAL & LRS is responsible for the Emirates Air Line and London River Services including developing the vision,	£80,000 - £84,999	N/A	N/A	NIL	5
	business strategy and delivering its business targets, whilst supporting wider business development objectives within Londor	ļ				
	Rail & Sponsored Services and Transport for London. The focus for this role is on delivering key business targets, which					
	include financial and customer KPIs in order to remove the reliance on operational subsidy and increasing revenue.					
	Improving safety metrics and driving forward innovation is also a critical part of this role, as is participating actively in the					
	delivery of wider Mayoral objectives with respect to the River and Air line.					
Head of Media	Leads a TfL Press Office team - to deliver effective media relations and proactive PR strategies, to promote the activities	£80,000 - £84,999	N/A	N/A	NIL	12
	and achievements and defend the reputation of TfL. As part of TfL's Customer Communications and Tecnology (CCT)	,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,				
	Senior Management Team (SMT), Head of Media roles must work collaboratively with colleagues across CCT and TfL as a					
	whole to develop and implement effective integrated communications strategies and PR plans, placing our customers at the					
	heart of everything we do. Working with the Director of News, Head of Media roles must lead and effectively communicate					
	TfL's goals and objectives, and the role the Press Office plays in delivering them. They must build a strong team ethos and					
	accountability, treating people fairly and consistently to ensure the TfL Press Office reflects the city we serve. Deputises for					
	the Director of News when necessary.

Be the first point of contact for senior managers across the business for the category, leading any negotiations for amendments/exclusions with commercial leads in Projects. The post-holder may provide leadership and expert/specialist knowledge, skill and experience in a specific commercial technical discipline					
Lead Construction Manager	The Lead Construction Manager is responsible for supporting the programme and project teams on the pre-construction and construction planning, monitoring, construction assurance and delivery to cost, programme, safety and quality requirements of all works contractors' site works, utilities diversions, enabling works and commissioning into service of assets.	£80,000 - £84,999	N/A	N/A	NIL	2
Lead Occupational Physician	of an works contractors site works, utilized sorterstanding works after contractors site works, utilized sorters and adviser services to TfL on a wide range of Occupational	£80,000 - £84,999	N/A	N/A	NIL	0
	Health issues and for providing TfL OH input into aspects of TfL planning, strategy and activity. The aim is to contribute to improved occupational health management of employees, which leads to improved employee engagement, productivity, and attendance. The impact of the work done by this role potentially extends to £ millions per year, in absence prevented, improved employee performance, employer liability claims prevented or minimised, employment tribunals prevented or won by TfL Group. The role is delivered through demonstrating TfL behaviours in the context of the TfL strategy. There is a focus on delivering high quality, effective and efficient OH services and emphasis on a continuous cycle of improvement.					
Lead Sponsor	This role acts as an internal client, sponsoring the delivery of large, long-term investment programmes to support the upgrading of our network, so as to meet the needs of customers, taxpayers, funders and other stakeholders in accordance with the Mayor's Transport Strategy and the Tfl. Business Plan. This role may also be involved in sponsoring LU's interests in projects managed by third parties (e.g. Network Rail, property developers etc). They must also look to make cost savings wherever possible and ensure that cost saving is a continual theme of sponsorship function in LU. They must collaborate across the business to ensure that the plans are deliverable and understood widely. As part of the senior management team, this role is also jointly responsible for monitoring and improving diversity and inclusion across the whole directorate, not just within its own function. Similarly, it is jointly responsible with all roles at a similar level for driving a safety culture across the whole directorate.	£80,000 - £84,999	N/A	N/A	NIL	3
Legal Entity Controller	The role holder will act as financial controller for selected legal entities of the TfL Group with specific responsibility for the review, challenge and technical accuracy of financial reporting, planning and forecasting outputs for these legal entities. She/he will manage the relationship between the Shared Business Service Centre and Retained Finance/Finance Business Partners to ensure robust and accurate financial information at the legal entity, divisional and Group level is delivered to all stakeholders (internal and external) on a timely basis.	£80,000 - £84,999	N/A	N/A	NIL	0

Operations Planner	Effectively plan and deliver possessions, achieving the highest levels of performance, safety and customer satisfaction. The role facilitates the detailed planning and delivery of works in all LU possessions, and requires a high level of technical planning and engineering expertise.	£80,000 - £84,999	N/A	N/A	NIL	0
Organisational Development & Leadership Lead	This role is responsible for the provision of strategic advice, guidance and solutions to identify capability requirements and create a culture of high performance that enables our people to thrive and innovate in order to meet current and future business requirements. The role will also be responsible for the leadership development framework, leading on activity that supports and enables TfL's leaders to fulfill the and longer term strategic aims and requirements of TfL.	£80,000 - £84,999	N/A	N/A	NIL	8
Payment Operations and Assurance Manager	The job holder is responsible for developing and implementing strategies to manage the agreements & contracts necessary for TfL to charge customers and collect payment, and to create new agreements where required to support the integration / extension objectives of the Head of Technology and Data (Payments). The job holder will provide assurance that the systems, processes, controls and agreements supporting charging, payment, accounting and revenue apportionment between operators are effective, robust, and (where relevant) compliant with standards. The job holder will also ensure that strategies are developed and rigorously implemented to minimise TfL revenue loss while bringing down the overall cost in collecting payments.	£80,000 - £84,999	N/A	N/A	NIL	6
Planning Manager	Responsible for leading TfL's statutory role in the land-use planning process across London and for driving and implementing best practice in the integration of transport and land use planning in new development. The postholder will act as Deputy for the Director of Spatial Planning on regulatory planning matters and will manage the work of the Area teams overall, promoting good growth across London and helping deliver the MTS and London Plan through new development. They deal with complex planning applications and lead difficult and sensitive negotiations with major developers, boroughs and the GLA to secure transport priorities and protect TfL's interests. A key aspect of the role is forging effective joint working with the GLA and strong senior relationships across TfL, GLA and with boroughs. They will be responsible overall for developing and driving best practice across the Area teams and for performance against key targets and milestones.	£80,000 - £84,999	N/A	N/A	NIL	6
Portfolio and CI Delivery Lead	The Business Services Continuous Improvement (CI) and Business Development Team is a critical part of the Business Services function (BSF) responsible for developing the strategy for the Business Services function and driving and delivering the ongoing growth, change and improvements plan in line with this. The Portfolio and Continuous Improvement Delivery Lead will be responsible for managing and delivering on a portfolio of projects that supports the strategy of the CI and Business Development team including managing the overall portfolio of BSF projects and supporting delivery of the targeted year-on-year savings within BSF, assessing suitable CI project opportunities and service growth opportunities and proactively driving analysis/ feasibility options, maintaining the End to End process design by ensuring any approvals and change requests go through the respective councils and governance forums	£80,000 - £84,999	N/A	N/A	NIL	2
Portfolio Construction Manager	The Construction Programme Manager is directly responsible for providing direction, assurance and subject matter expertise on construction best practice, ensuring third party construction contractors are delivering to time and agreed requirements. The Construction Programme Manager engages with the Statutory Undertakers as a TfL representative. The Construction Programme Manager leads on all construction responsibilities for the Project and Programme Delivery team. The role holder monitors and manages civil engineering, construction and installation works that provide the contracted scope of works included within the overall Delivery Programme. This role has sign-off responsibilities.	£80,000 - £84,999	N/A	N/A	NIL	10
Principal Engineer	Applies extensive expertise in the field of engineering which is deployed in the analysis and resolution of high complex or network-wide technical problems, providing authoritative technical or functional leadership, advice and expertise to senior internal and external stakeholders, interpreting technical strategy and company policy to satisfy business requirements. This is a generic job description – the job titles and job references aligned to this JD are shown below which specify the relevant application domain, accountabilities, required skills, knowledge and experience that are specific to each role. Architecture, Asset Condition, Buses, Bridges & Structures, Civils, Control & Information, E&M, EMC, Fire, Hazardous Materials, Highways, Human Factors, Infrastructure Protection, Lift & Escalators, Modelling & Simulation, NDT, Power, Pumps & Drainage, Quality, RAM, Railway Signalling, Rolling Stock, R&D Innovation, Track, Plant & Equipment, Requirements Engineering, Traffic Engineering, Tunnelling To ensure we remain in touch with our daily operations and need of our customers, across the course of each performance year, in your role you will be required to do a number of shifts out on the London Underground network and undertake various front line duties. You will be responsible for arranging to do this at least four times a year according to business need and as agreed with your line manager. rocess Owner	The Process Owner is ultimately responsible for upholding the design of the end to end (E2E) process and the delivery and performance of the process aligned to that. They have the responsibility to ensure that the E2E processes support the associated policies. The Process Owner will also act as the 'data authority' for their process, specifically for data quality. The Process Owner will work with the operational Business Services Function (BSF) Team and retained function to ensure that the E2E process is adhered to and that change control is managed and governed appropriately. The Process Owner will work with the Operational Lead of the E2E process and stakeholders in the business to define the required levels of performance within the E2E process and oversee performance against this. The Process Owner will be responsible for supporting resolution of significant performance or process issues and will be a key point of contact for senior stakeholders. The Process Owner will also help to drive and achieve the targeted year-on-year savings within BSF using Continuous Improvement initiatives within the E2E process alongside the BSF Continuous Improvement (CI) and Business Development team. In addition, the Process Owner work in partnership with the BSF CI and Business Development team to support building strategic partnerships as part of the BSF growth agenda.	£80,000 - £84,999	N/A	N/A	NIL	0
roduct Owner Manager	The Product Owner Manager is accountable for creating, leading and developing the Systems Analysis Capability for major projects across Technology and Data including Future Ticketing, Mobile Applications, Customer Relationship Management Applications, Online websites, Asset Management systems, Staff Portals, Cycle Hire, and Geographic Information Systems. The role holder leads a team of Product Owners and Senior Product Owners who analyse, shape, prioritise, and specify customer requirements in a manner that can be delivered incrementally by an Application Development Team.	£80,000 - £84,999	N/A	N/A	NIL	22

Senior Business Architect	The Senior Business Architect constructs and owns the integrated business operating model for the Head of T&D LU ensuring alignment of key product family investment decisions, T&D capabilities and strategies to ensure LU business outcomes are realised. The role holder owns the LU technology delivery plan for the 2-5 year business plan, influencing wider T&D investment plans and providing expertise contributing to wider pan-TfL Strategy and integrated operating model. The role holder translates LU Policy into operational procedures and contributes to policy development on the basis of advanced understanding of business processes and technology and data capabilities. The Senior Business Architect for LU leads a team of specialists with LU and operating model expertise to deliver specific, measurable objectives through the management and coordination of internal resources. The role holder will provide leadership and direction on technology which deliver demonstrable efficiencies (circa £5m-£10m plus) and solve strategic problems to the London Underground (LU) Leadership team.	£80,000 - £84,999	N/A	N/A	NIL	6
Senior Business Improvement Manager	This role exists to lead the development and implementation of initiatives to support improvement against core business objectives. It will work across the operational areas of LU (maintenance, customer services, trains and service control) and its primary focus will be service performance (e.g. reliability) and efficiency of operation. The role will also be responsible for embedding a continuous improvement culture and methodology across the business. Each business area will remain responsibly for identifying opportunities for change; this role exists to translate these opportunities into a deliverable, prioritised, programme of work and to ensure its delivery. They must also look to make cost savings wherever possible and ensure that cost saving is a continual theme in LU. They must collaborate across the business to ensure that the plans are deliverable and understood widely. As part of the senior management team, this role is also jointly responsible for monitoring and improving diversity and inclusion across the whole directorate, not just within its own function. Similarly, it is jointly responsible with all roles at a similar level for driving a safety culture across the whole of directorate.	£80,000 - £84,999	N/A	N/A	NIL	19
Senior Category Manager	Lead a team to develop, embed & continuously improve TfL's commercial governance framework, working with industry experts & internal stakeholders to inform the specification of appropriate controls over TfL's supply side expenditure. 		Mayor's strategic priorities and outcomes.				1	

Reporting directly to the Director of City Planning, this role leads the development of major and/or cross-modal projects (anging from £20m to multi-billion pound) that will provide a significant contribution to the Mayor's Transport Strategy and transform the future shape of the city. The role is responsible for developing the business case (including funding) to determine and then develop the most plausible option to meet a defined opportunity or outcome (as defined by Transport Strategy and Spatial Planning). Stakeholder management at senior levels both internal and external is key to this role. The role is the single point of accountability for the consents process in the organisation (for TLS own projects as well as providing specialist advice to developers) to ensure projects are completed legally, including leading through Transport & Works Act Orders, Development Consent Orders, Town & defined opportunity for the projects as well as providing specialist advice to developers to ensure projects are completed legally, including leading through Transport & Works Act Orders, Development Consent Orders, Town & defined opportunity of the projects as well as providing specialist advice to developers to ensure projects are completed legally, including leading through Transport & Works and the town should be seen as the project is sues, taking the lead on pan-This Lisses. The role will do this by translating poorly defined strategic issues to this differently and more broadly about issues. The scope of the role does not extend to delivery of recommendations. The role holder should be seen by the business as the good to person to help desirately issues and the team should be seen as comparable to any external management consultancy. Head of Technology Programmes will deliver all technology and data changes within TIL, and the wider GLA family, the project of the delivery of programme and project by the most appropriate level of governance and control over all technology projects.
